- by way of private study, short courses or masterclasses.

You do not have to have been accepted on your course when you apply to the Trust. Applications will be accepted from students undertaking their second or subsequent postgraduate year.

You may **NOT** apply for support for:

- Undergraduate/first degree courses
- Courses which the Trustees perceive to be for Professional Development
- Musical Theatre and Music Therapy courses

- MPhil and PhD courses - students undertaking such courses are advised to contact the Arts & Humanities Research Council - www.ahrc.ac.uk

Eligibility Criteria:

The current policy of the Trust is to consider candidates (instrumentalists, singers & composers) for study awards who satisfy the following residency criteria:

1. The applicant has either been **resident in the UK for over ten years since birth** or alternatively **has successfully completed** (by the end of the current academic year) **at least three academic years of full-time study** in a UK higher education institution (University / Music Conservatoire); **and**
2. The applicant can prove that, based on the laws and regulations in force at the closing date for applications (10 February) and his/her personal circumstances, he/she **automatically has permission to continue to reside and work in the UK following completion of higher education.**

Commonwealth Candidates: Reflecting the Trust's long record of supporting outstanding applicants from the Commonwealth, an exception will be made to the above criteria in the case of applicants who

are **long-term residents of Commonwealth countries**. These candidates' applications should be **for study in the UK only**.

Please note:

- If you are currently studying in the UK on a Tier 4 student visa, you are not eligible to apply (unless the exception for Commonwealth candidates applies to you).
- If, according to the laws and regulations in force at 10 February 2019, you will need to apply for a visa in order to be able to live and work in the UK following the completion of your studies, you are not eligible to apply.
- The Trust may ask for proof of eligibility to be provided in the form of scans of passports, letters from the Home Office or other official information. Failure to provide such information when requested will result in your application being rejected.

G. Submission of video recordings:

Please read this information carefully - a poor quality recording WILL disadvantage your application:

- **Instrumentalists and Singers** (except **Percussion** – see below)
To accompany your application form, please include 2 YouTube links. Each link must be to a video recording of you singing/playing within the previous 6 months. The 2 pieces that you choose for your links must be contrasting in period, style and tempo and **each piece must be between 4 and 5 minutes long.**
 - **Please note: all video recordings must be publicly viewable.** Please use the unlisted or public privacy setting. Please ensure that all advertisements are turned off.
 - Two separate links are required – one for each piece. They should be video recordings from within the last 6 months and should be unedited and recorded using a single position camera/recorder.
 - Please add the date on which the recording was made (and not just the date on which it was uploaded to YouTube) to the Basic Information section of YouTube as you upload your video.
 - **If you are called to audition, you will not be able to perform the pieces you have submitted with your application.** Please do not include with your application pieces that you have submitted to the Trust in support of applications in previous years.
 - Do not submit two movements from the same work, or two pieces by the same composer.
 - A recording of a solo performance is preferred to performances of chamber music or pieces with orchestral accompaniment. However, it is not acceptable to submit an accompanied piece without the accompaniment.
 - A live performance is not regarded as intrinsically better than a studio recording. The video recording submitted is assessed as a musical whole and so applicants are advised not to include recordings in which the performance standard of any accompanying part is significantly lower than that of the applicant.
 - Please do not include long introductions by accompanying instruments or introduce yourself or the piece. There should be approximately 5 minutes of your performance.
- **Piano Accompanists:** please include links to either:
 - I. Two unedited video recordings of you accompanying a singer; or
 - II. Two unedited video recordings of you accompanying, separately, a singer and an instrumentalist; or
 - III. Two unedited video recordings of you accompanying an instrumentalist.
Each piano part must be original and NOT an orchestral reduction. Neither of the two pieces should exceed six minutes. The performances will be judged as a whole and so you should consider carefully your choice of singer/instrumentalist. When selecting

your pieces and making your recordings, please bear in mind that the Trustees wish to be able to judge both your abilities as a pianist and your skills as an accompanist.

○ **Percussion**

To accompany your application form, please include two YouTube links to video recordings as follows:

1. One video recording should consist of the following pieces: Timpani: Hindemith Metamorphoses on Themes of Weber **AND** Snare Drum: Rimsky-Korsakov Scheherazade (Mvts 3 and 4)
2. The other video recording should consist of the following pieces: Xylophone: Gershwin Porgy and Bess Introduction **AND** Vibraphone: Bernstein West Side Story

- **Please note: all video recordings must be publicly viewable. Please use the unlisted or public privacy setting. Ensure all advertisements are switched off.**
- The video recordings should be from within the last 6 months and should be unedited and recorded using a single position camera/recorder.
- Please add the date on which the recording was made (and not just the date on which it was uploaded to YouTube) to the Basic Information section of YouTube as you upload your video.

○ **Composers**

To accompany your application form, please include YouTube OR SoundCloud links to two video or audio recordings of recent compositions contrasting in style.

- **Please note: all recordings must be publicly accessible.**
- Two separate links are required – one for each piece. They should be recordings from within the last 6 months if possible.
- Please add the date on which the recording was made (and not just the date on which it was uploaded) to the Basic Information section of YouTube or SoundCloud as you upload your recording.
- Do not submit scores unless requested to do so.

If you have problems with these recordings requirements, please contact the Secretary on 01428 685427 or admin@munstertrust.org.uk well in advance of the application closing date.
